

TANZANIA AIDS FORUM (TAF)

Proposed Agenda for the workshop

1. Strengthening CSO engagement and representation in TNCM

- Participants will learn about GFATM architecture and its guidelines.
- Learn how TNCM functions and what to expect and or engage in TNCM through their representative.
- Develop and agree on actions that CSO will do to strengthen the CSO engagement in TNCM to improve oversight
- Learn the principles of effective representation

2. Conducting Annual General Meeting

- Learn and share the experience in prevention of new infections with priority on PMTCT (importance and roles of CSO in the ongoing efforts) including campaign to end paediatric AIDS.
- Learn the principle of representation and approve the code of conduct for effective representation and CSO's
- Democratically elect the new leaders (bard) for the forum Chair, vice chair and seven other members.

3. Advocating key partners to undertake stigma index research

- Discussing the importance of having stigma index research in our country, including the orientation and understanding the purpose, methodology and use of the stigma Index research
